

8 November 1978

MEMO FOR THE RECORD

SUBJECT: Army Workshop on Computer Security

FROM:

1. On this date, the undersigned received a call from Colonel Robert Campbell, U.S. Army, Automation Security Policy Officer. Colonel Campbell is setting up a workshop on future Computer Security direction and activities to be held December 10, 11, 12, 1978 in the Washington, D.C. area. This workshop will attempt to pull together approximately 50 people, primarily DoD, Industry, University and individual Computer Security experts on an "individual invitation" basis for participation.

2. Colonel Campbell stated that four major areas would be topics for the workshop. These are:

- a. Plans (Policy, Technology and Requirement).
- b. Secure Software Tools.
- c. Secure System Architecture
- d.. Risk Management and Audit

The workshop format will be serial rather than concurrent.

3. Colonel Campbell extended a verbal invitation to the undersigned to participate in the workshop. The undersigned thanked Colonel Campbell for this invitation and told him that after reviewing the formal invitation (to be mailed approximately 13 November), and if management considered it appropriate the undersigned would be pleased to attend this workshop and contribute whatever expertise he could.
